Who do we want to participate?
All Minnesota REALTORS®

What is this about?
REALTORS® Week of Service is a joint, collaborative volunteer service project between the Minnesota Association of REALTORS® and the local associations throughout our great state!

Why we want your participation?
The purpose of this week is dedicated to drawing attention to the many ways in which REALTORS® support the communities they live in and serve. We are encouraging community involvement among our members during this week in April. Your participation will help promote REALTOR® goodwill throughout our great state and foster civic responsibility within the real estate industry.

One week, one message! We hope to generate some media attention to what we have known all along — REALTORS® care about the cities they work and live in!

What are we talking about?
There are no restrictions. You can plan activities on your own or with your broker — or check with your local association to see what they have planned for the week.

- Collect food for a local food shelf
- Volunteer at an animal shelter
- Assisting a neighbor with yard work
- Habitat for Humanity
- And the list goes on and on...

When?  April 20–24, 2015 — Contact your local association for more information!

Watch for more detailed information in the coming weeks! We’ll ask you to share photos and stories with us during that week!
